

INSTRUCTIONS FOR VIAL OF LIFE

Getting Started

- 1) Please complete the information form, fold form lengthwise in half and roll the form up to fit inside the vial.
- 2) Place vial inside of your refrigerator on the highest shelf in the refrigerator door.
(NOT IN THE FREEZER)
- 3) Place the VIAL OF LIFE magnet on the outside of the refrigerator door in plain sight.

How does the VIAL OF LIFE work?

In the event of an emergency, valuable time will be saved when emergency personnel can go to your refrigerator and find the VIAL OF LIFE with your pertinent medical history and needs. The information contained within the VIAL OF LIFE is very important information that will help save your life.

Remember to update the information in your VIAL OF LIFE anytime you change your medication or if you have a change in your health status.

If you need to update your VIAL OF LIFE form the Highland Activity Center or the Highland Township Fire Department has blank forms for you. If you have internet access the VIAL OF LIFE form can be downloaded at: WWW.HTFD.COM under "HOME" than "VIAL OF LIFE" link.

If you have any questions about the VIAL OF LIFE program you can contact Jim Szegi at the Highland Township Fire Department 248-887-8688 or jszegi@HTFD.Com
